## HDN's Board Accelerator Programme

We know that many organisations appoint new board directors this month, and if you want to bring your new board directors (or even existing board directors) up-to-date in terms of housing governance then our Board Accelerator is for you. This is a twelve-month programme, designed to rapidly enhance your new board director's expertise and sharpen their performance in the boardroom.

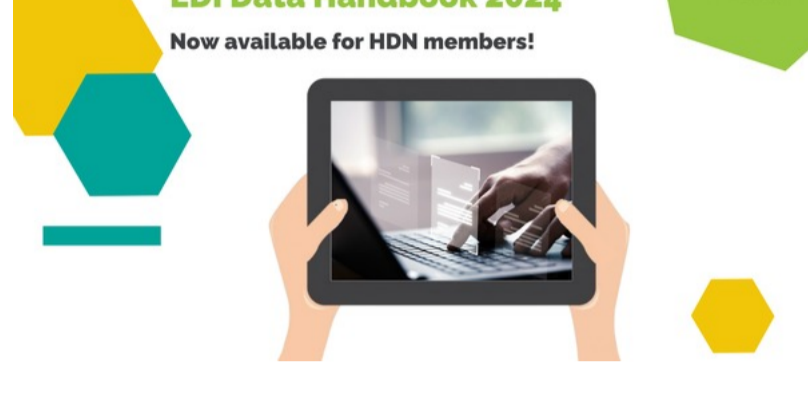

The programme consists of online workshops, mentoring by an experienced NED and opportunities to grow their network and connections.

## EDI Data Handbook 2024

At Housing Diversity Network, we strongly believe there is a need for the sector to modernise how we collect, interpret and utilise diversity data.

As shown at the Community Housing Summit, we have produced an updated version of our EDI data handbook to serve as a how-to guide for organisations seeking to use diversity data.

The updated handbook is available for members and can be found on the data section of our resources page.

## Winmark - Housing Tech Expenditure Benchmarking Questionnaire

Winmark is running a **Housing Tech Expenditure Benchmarking Questionnaire**, initiated by Platform Housing Group and led by their Research team.

The purpose of this research is to provide housing associations with benchmarking data on technology spending, costs, trends and practices. Your help and support with this would be very much appreciated.

The survey should take approximately 5-7 minutes to complete. In return, everyone who completes the questionnaire will receive a complimentary advance copy of the report, enabling peers to benchmark their departmental technology implementation, expenditure and strategy against other housing associations.

# NEW MEMBERS

HDN is thrilled to welcome the newest members of our membership network.

Firstly, we have [Habinteg Housing Association](#). Habinteg is a registered social housing provider with over 50 years of experience building and promoting accessible homes and communities.

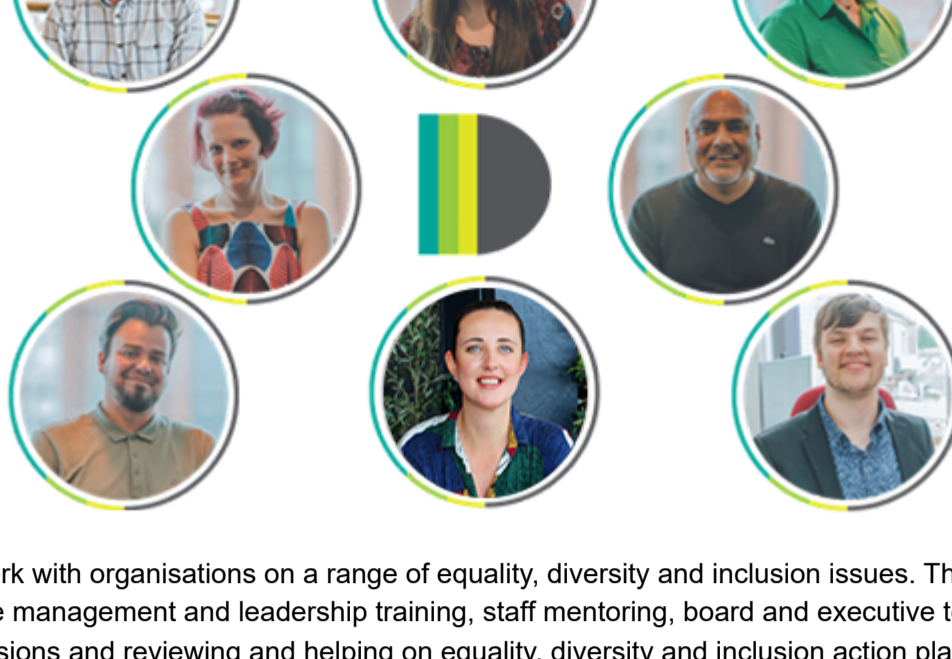

Next, we have [Golding Homes](#), which was established in 2004. Since their founding, they have invested over £283 million into regenerating homes and neighbourhoods, with a core focus on providing safe, secure, and welcoming communities for their residents.

We look forward to working with them to support their associations and offer development opportunities to members of their organisations.
